All Yards Are Available in Offside Setup

SHEEP

KIT INCLUDES:

Sheep Loading Ramp		1
Adjustable V-Race		1
Guillotine Gate		1
Sheep Gate 2.0		1
Sheep Panels 2.0		1
Sheep Panels 2.0 Blind		2

CATTLE

KIT INCLUDES:

Cattle Loading Ramp		1
Sliding Gate		1
Cattle Gate 2.1		2
Cattle Crush		1
Cattle Panel 2.1		2
Blind Force Yard		1

HOW TO RECOGNISE YOU ARE BUYING BRAZZEN GENUINE EQUIPMENT

BRAZZEN, OVER THE YEARS HAS BECOME A DOMINANT PLAYER IN THE LIVESTOCK EQUIPMENT INDUSTRY.

- 1 We pride ourselves in having excellent galvanising and even our upright posts are hot dipped galvanised on all our panels which is important as this is the part that touches the ground.
- 2 All the gauges/tube wall thickness of our rails and posts are exactly the thickness as stated in our specifications.
- 3 Our workers pride themselves in their welding and you will see the difference with our welding compared with our competitors.
- 4 All our equipment has the anti-rattle rubbers where the pins join the equipment.
- 5 Our standard cattle panels are 36kg in weight, the biggest deception with cheaper panels is the thin steel tube gauge which reflects in the weight of steel.
- 6 Some companies have cheap panels with only half a C clamp on one side to save on steel. When linked with other panels this is much weaker than the full C clamp. Beware of these inferior panels.

"If it is not Genuine Brazen there is no Brazen Warranty"

The factory manufacturing is controlled by Australians and so the quality control and the development are all looked after by Australians. Australia Livestock Equipment is known to be the most robust equipment throughout the world and a lot of Brazen equipment is used in the Northern Territory and the outback where buffalos and wild cattle and horses are penned and captured in Brazen Equipment.

We now have a lot of manufacturers starting to copy our equipment and trying to sell them as Brazen Equipment.

For you to recognise genuine Brazen Equipment, you will see a logo on the cap on the top of the posts on our panels, you will see a Brazen sticker on the panels. A lot of our equipment will have the logo stamped in them.

If you have a farm and would like to make another income we are looking for dealers. Reach out if this is something you are interested in.

Do please keep buying Brazen Equipment and make sure it is genuine.

BE BRAZEN BUY BRAZZEN

Yard Plan for 10+

KIT INCLUDES:

Sliding Gates	■	2
Standard Gates	■	3
Head Bale	■	1
Budget Panels	■	12

Yard Plan for 10-15 Small Force

KIT INCLUDES:

Head Bale		1
Loading Ramp		1
Sliding Gates		2
Standard Gates		4
Panel 2.1		12
Panel 3.35		1

Yard Plan for 20-30 Force

KIT INCLUDES

Loading Ramp	■	1

FORCE YARD

Standard Force

- The force yard allows the handler to push cattle into the race system with minimal risk to the handler.
- Innovative braking system stops the cattle from pushing the gate back therefore protecting the operator.
- The curved layout works with the natural behaviour of how cattle run and tend to circle back to where they came from.

Offside Force

- When using an offside force yard and a standard crush, the force yard requires the walkway to allow operation from the outside in line with crush operation.
